Not just a scholarship…

an Education for Life!

Each scholarship house is made up of 9-29 students (depending on house capacity) from diverse backgrounds. While living in the house, they are required to live cooperatively by cooking, cleaning and managing the household budget.

SOUTHERN SCHOLARSHIP FOUNDATION

EDUCATION FOR LIFE

Southern Scholarship Foundation operates 26 scholarship houses which are home to 441 students across the state. Each of these students has a significant financial need, a Grade Point Average of 3.0 (B) or higher, and has demonstrated good character by actively participating in their local community.

The SSF Mission and its Benefits

Southern Scholarship Foundation's mission has remained the same since its founding 57 years ago—to help deserving young people, who lack financial resources, but demonstrate excellent academic merit and good character, attend institutions of higher education.

SSF provides a unique, rent-free scholarship housing program designed to not only ensure that bright students who have a serious financial need are able to attend Florida universities, but it is designed to provide these students with the support they need to succeed in school and intangible benefits to help them succeed in life. This ***Education for Life*** philosophy is what sets SSF apart from other scholarship programs and what truly helps break the cycle of poverty.
